FINAL NOMINATING COMMITTEE REPORT TO ONE-PS

December 1, 2021

This is the Nominating Committee's final report for the December 14, 2021 membership meeting, wherein a vote on the List of Candidates will occur.

The Final List of Candidates is attached. Turn the floor over to Paula as Nom Com Chair. She will introduce the List. I cannot remember who conducts the election! Peter cannot as he is a candidate. Shall I do it?

Since there are no contested seats, the vote can be by voice acclamation to accept the slate as presented. Request that the Board ratify this approach.

It's been a pleasure to do this work to help ensure a solid future for ONE-PS. Those willing to serve as Officers and At-Large Directors deserve our sincere "Thank You."

Respectfully submitted,

Paula Auburn – Chair

Roy Clark

Sid Craig

Christine Hammond

With grateful assistance from Peter Sipkins

December 14, 2021

To: ONE-PS General Member

From: Tom Gardiner, ONE-PS Treasurer

November 30, 2021, marked the end of the first five months of the ONE-PS 2021-22 fiscal year.

The balance in our bank account at Wells Fargo Bank at that time was \$40, 874.77.

For the five months just completed, we have had no income and we incurred expenses of \$3,933.88. The expenses were \$2,102.17 for insurance, \$500.00 for CPA fees, \$960.00 for ASL interpretation, \$158.86 for website fees, \$78.30 for Zoom fees, and \$134.55 for our ONE-PS booth expenses.

We owed Don Barrett \$28.02 for Booth expenses which I have since paid. We have no other outstanding bills that I am aware of.

We have had a decrease in our Wells Fargo bank account balance for the past five months of \$3,933.88.

We still may have to adjust the budget for each planned activity as we come out of the pandemic. The Picnic is our largest financial activity, and that activity is still very much unplanned at this point. Other than the Picnic, no other sources of income have been identified yet for the 2021-2022 fiscal year.

We currently have two vacancies on the Finance Committee, and we are looking for volunteers to be on the Committee. People with a financial background are preferred. We have a particular need for someone with experience with Quickbooks. Please contact Treasurer Tom Gardiner if interested.

This report and the associate reports have been submitted for posting on the ONE-PS website.

If you have any questions or comments about any of this report, please contact me!

Tom Gardiner, ONE-  
PS Treasurer

Thank you for banking with Wells Fargo. We appreciate your business.

# **ONE-PS Code Enforcement and Public Works Committee Minutes, November 3, 2021, Meeting (Draft)**

## **Meeting Minutes**

**ONE-PS Committee members in attendance:** Don Barrett, Roy Clark, Kathy Cohn, David Doyle, Corinne Griswold, Mike Guerra, Bob Peterson, Cynthia Session, Peter Sipkins

**City Staff in attendance:** Francisco Jaime, Janine Newbry, David Recio, Joel Montalvo, Patrick Tallarico, Veronica Goedhart

**Opening comments** The meeting was held using Zoom, hosted by Don Barrett. The meeting began at approximately 10:02AM. The minutes of the October 6 meeting were approved by consent.

**Public Comment:** [no public comments were made]

## **Code Enforcement**

October Code Compliance Report - previously email distributed [attached to minutes], Janine described them as consistent with previous month.

Code Compliance Topics – David Recio reported that they had five candidates for code officer awaiting review by the chief and was hoping for additional as internal hires that would not need as much review. On discussion of Code Compliance’s enforcement of Covid regulations and the forthcoming Pride weekend, David felt they were ready for that.

Outstanding concerns brought to committee:

El Rancho Vista Estates (Chia St) – Don Barrett noted that the complaint from the previous month, about inappropriate use of Chia St and a vacant lot as access to a commercial area, has seemingly been resolved by boulders being brought in to cut off access. No one in Code Compliance or Engineering knew who had ordered that action.

Code Enforcement FAQs – not yet on website.

Hotel vs vacation rental distinctions regarding noise complaints (from October meeting) – there was further discussion of how noise complaints are handled with small resorts as compared to vacation rentals, conclusion was that the city needed to reconsider how house noise complaints are handled.

## **Vacational Rental report:**

Discussion began with noting a recent public opinion piece in the Desert Sun regarding noise at vacation rentals. Discussed with Veronica Goedhart whether a monthly report would be doable that had the number of complaints, by topic, and then within those, the number of citations. Discussed having a monthly report as a way to tell if complaints increase with specific city-wide activities or holidays. Veronica thought such would be possible. This would be a report to this committee, not necessarily a report for the city website.

## **Sustainability:**

Patrick Tallarico reported that there was to be a discussion with ONE-PS about the electricity rates.

## **Engineering Services:**

Francisco noted that data was starting to be collected in October for traffic calming projects and analysis would begin with reports back to the neighborhoods. He also noted that a more robust pedestrian cross system was being installed at Racquet Club and via Miraleste, but that there was a delay in installing that. He also noted that they have received and/or process 50 work orders related to traffic calming since January 1<sup>st</sup>.

Mike Guerra asked about writing letters to request reconsideration of speed limits due to AB 43 having been passed. Mike was particularly concerned about the speed limits on Arenas west of Belardo due to the high levels of pedestrian and bike use. Francisco indicated that it was too early to be filing such requests.

Francisco noted also:

- replacement of Sunrise Park restroom was completed, Demuth Park and Desert Highlands restrooms were in construction phase
- playground resurfacing was ongoing;
- contract was being awarded for acoustical work at the Pavillion;
- contracts for fire exit improvement and HVAC for Demuth center were out to bid;
- traffic management signal equipment update project is underway, and
- pedestrian safety project reports would be coming out to the community.

He noted that delays were largely due to problems in getting equipment and materials shipped to sites.

#### **Future meeting schedule:**

Don brought up concerns about the meeting schedule, noting that the current timing of being at the first part of the month made it such that the minutes and/or other materials from this meeting were not available until the Membership meeting of the following month, for example material from the November CEPW would not be available until the December Membership. This is a problem when materials are time sensitive. He suggested that the CEPW meeting be in the third or fourth week of the month.

It was also noted that Engineering had expressed concern about meeting monthly since the pace of engineering projects is such that there isn't much change by month and the meeting took away from work time for engineering.

After discussion between ONE-PS members in the meeting, the decision was to meet on the third Wednesday of every other month, continuing with 10AM, starting in January. We also decided to continue meeting by Zoom for the foreseeable future. [A subsequent poll of meeting attendees by email indicated approval of this plan]

Next Meeting: Wednesday, 01/19/2022, 10:00 – 11:30 am by Zoom

ADJOURN

Don Barrett, Interim Chairperson

# Memorandum

Date: October 2021  
 Subject: Code Compliance Monthly Report  
 To: ONE-PS  
 From: Code Compliance

The purpose of this report is to provide monthly Code Compliance activity information to the neighborhoods and interested parties. Below is the list for the estimated number of inquiries and complaints received for specific neighborhood groups and complaint sources.

### Code Case Breakdown

Estimated Count of Complaints From All Sources (October, 2021)

## **Code Enforcement and Public Works Committee Update for December 2021 Membership meeting**

### **2022 Schedule:**

In November 2021, the CEPW Committee agreed to shift to an every other month schedule, meeting on the odd numbered months in 2022. The meeting will be on third Wednesday (dates below) at 10AM; for the foreseeable future it will be a Zoom meeting.

Dates: 01/19/2022; 03/16/2022; 05/18/2022; 07/20/2022; 09/21/2022;  
11/16/2022

### **Vacation rental department compliance report:**

Beginning in January, a bimonthly report from the Vacation Rental Department on complaints and related issues has been added to reports for the CEPW meetings.

### **Speed limits:**

Thanks to fast work by Engineering the changes due to AB 43 were proposed to City Council on December 9<sup>th</sup> and were approved by Council. The segment of the Council meeting is worth watching, which is 3a in the video index on the left side of this [page](#).

The changes themselves are in this [PDF](#), the easiest spot to see the changes are in the consultants' statement which starts on page 27 of that PDF. Per page 13 of that PDF, the changes will be in effect 30 days after passage.

## Summary / Report on 2021 Pride Booth Don Barrett, chair Pride committee

Following this report are the comments provided by 5 of the volunteers who worked the ONE-PS booth at the 2021 Pride festival. The comments of these volunteers are consistent with information gained in informal conversations with other volunteers. Comments are summarized below:

### General impressions:

- Engagement with festival attendees was high, with many booth visitors being local residents (hereafter **locals**) or considering a move to the area.
- Knowledge, **among locals**, of neighborhood organizations (NOrgs) was generally low, though multiple **locals** expressed interest in involvement by or with a NOrg. On the other hand, as expected, there was quite a bit of confusion by **locals** between NOrgs and HOA's or the names of specific developments.
- Despite the lack of knowledge of NOrgs, there was quite a bit fascination with the blade signs, and many wanted to buy copies of the blade signs or of the guide.
- Knowledge of ONE-PS, itself, was very low.

### Specifics:

- Volunteers and booth visitors complained about the visibility of the map, the inability to see street names, difficulty in seeing neighborhood names, and problems with placing dots over neighborhoods. **Response:** We are seeking a new map with more visible street names and have bought a light for shining on the map at night; different ways of marking neighborhoods are being considered.
- Volunteers stressed the need for an efficient means for putting booth visitors in touch with their NOrgs. **Response:** Cards have been created for each NOrg with the contact information for that NOrg, visitors to the booth are encourage to take photos of those cards so as have that information.
- Volunteers commented on the length of the shifts, particularly considering the heat and sun. **Response:** Shortening shifts requires more volunteers than are available, but we are experimenting with ways of reorienting the layout of the booth so that more time is spent in the shade.

- Volunteers stressed that they could easily sell copies of blades and guides. **Response:** There are ongoing discussions regarding selling copies of blades, though that is complicated by the fact that the designs are owned by the NOrgs, not ONE-PS. There are also discussions about whether to update the guide, which is now out of date and not representative of all of the NOrgs.
- Volunteers noted a need for additional information on how residents could contact the city on issues. **Response:** The Events Committee will need to explore this concern further.

## Volunteer reports on 2021 Pride Booth

From: Paula Auburn

Well, it looks like I am last so I can simply say ditto to all of your comments

Here are my takeaways:

1. Could have sold several blade signs! I asked one person what they would be willing to pay. Ans: \$15 if metal and \$10 if cardboard
2. Neighborhood Guide - could also have sold several of these - I had a DUH moment and found PS Life website to order PS Life online. Perhaps a small note/sign telling people this??
3. YES to street names we can see and read on the map. Also liked the comment "people can take a phone picture to get the info." Excellent - we could prep small info posters for that. Ditto Dan about dot size...we all had difficulty sticking them to the map
4. Was astounded at the interest level in Norgs!! Everyone LOVED the blade sign display!!! It was apparent that there is a huge disconnect in Norgs getting info to residents (mine included!!). Maybe those NOrgs that have "handouts" can provide them?
5. Need clearer handout info for contacting a NOrg. Just handing out ONE-PS brochures and noting the website isn't enough. Need to include explicit instructions as well as a visual example?
6. It was great fun but need shorter time slots. 1:00 - 4:30 is too long in the hot sun. Also we were in direct sun all day. Ask for booth location that can face us north

In closing Dan, Ted did a fab job! Thank you. And Dan Fast is a super star!!! He is a phenom stopping and talking with people!!

Thanks To all of you,  
Paula

\*\*\*\*\*

From: Charlie Roddy

**Don & Ted:**

First of all, kudos to you both for corralling all of us cats to participate.

It was a blast.....great getting outdoors and being among our friends and neighbors.

While several of our comments duplicate those of others, we felt it necessary to mention all of what occurred on our watch. Here's what we observed and learned from staffing the booth from 5:00pm - 9:00pm on Saturday evening:

- 1) With 2 exceptions, no one was aware of ONE-PS, who we are or our purpose. During conversations, guests made presumptive statements, which we corrected, that their perceptions from the booth were that One-PS was a real estate venture, a political organization, a district re-organization function, and/or a social platform similar to NextDoor. .
- 2) After educating guests of ONE-PS functions and purpose, several who were considering buying a home in Palm Springs, were grateful to receive the ONE-PS guide and brochure.
- 3) One couple from Seattle, commented they appreciated the neighborhood identities, similar to the neighborhoods of Seattle, and felt this factor made Palm Springs even more desirable to buy a vacation home in.
- 4) Two different individuals wanted to know more about the stats of each neighborhood, i.e. real estate mean costs, population diversity, schools, etc.
- 5) The two that were aware of ONE-PS had no knowledge that each neighborhood had reps, who they were, or that meetings could be attended by citizens.
- 6) Everyone enjoyed the neighborhood map, but commented the neighborhood names were too small and when evening fell the booth was too dark to even read the map at all.

7) All were appreciative of the outreach and friendness of the booth and thought the concept of ONE-PS was amazing.

That's All Folks,

*Charlie & Colton*

From:Ardine Thompson

I want to thank Don and Ted for their work in setting it up and also making it so successful! I really like the booth "awning" that states ONE-PS and identifies us. All of the above comments I experienced as well. Most folks were eager to talk to us and find out more about their NOrgs -- lots of interest! I received several "thank yous" from folks in the NOrgs that I have been supporting/sending emails about meetings, how to revive their NOrgs -- really was appreciated. So, I think we are on the right track. Several lamented the fact that we are not meeting in person yet. I also met an "ex-chair" of Little Beverly Hills -- he had no idea who the folks were on their board, who represented them, had no idea what was going on. He told me he wanted to get involved again. He said when the old chair person moved away, he appointed a new chair person and not many folks in the neighborhood even know who this person is according to him. I gave him the rep's contact information for Little Beverly Hills.

Thanks everyone for turning out ... it was hot and sunny, but most enjoyable!  
Ardine

\*\*\*\*\*

From: Daniel Fast

1. Most of the conversations I recall were that people had no idea that they lived in a NOrg neighborhood or who their contact was. We got some people to sign up so their NOrg can reach out to them.
2. People wanting ONE-PS to "do something" about the homeless and vacation rental/noise issues
3. People unclear how to access City or other services via the City website - e.g. broken water main

4. People loved the ability to pinpoint their neighborhood - an easier to read map with clearer street names would have been helpful - the sticky dots were a great idea but TOO SMALL - almost everyone fumbled putting them on.
  5. People wanted to get more copies of the ONE-PS book and blade signs (very popular)
  6. A list of the Council-members and their phone numbers next to the map so people could take a picture of it.
- It was a LOT of fun!

Dan Fast, Chair Araby Cove NO

-----Original Message-----

From: Don Barrett <[donb92264@gmail.com](mailto:donb92264@gmail.com)>  
Subject: ONE-PS Pride booth / report on results

NOrgs from the booth perspective:

The booth seemed to be much busier than in previous Prides AND it seemed that we had far more local residents/seasonals stop by than in the past, and there was much more interest in ONE-PS and NOrgs than I remember from the past. That seemed to be in part due to a high number of younger (meaning not retirees) moving into the city. Of course there was the usual confusion between NOrgs and HOA's, but I had multiple conversations about creating new NOrgs, reinvigorating existing ones, and NOrg expansion. Since we were very busy, on all of those I said to please contact us about their interest by using the contact form on the website -- of course many won't follow through, but lets hope some do.

Specific:

- New NOrg west of Twin Palms (i.e., Sahara Mobile home park and adjacent): There were three different conversations about the need for a NOrg west of Twin Palms that would go from Camino Real to S Palm Canyon, between East Palm Canyon and LaVerne. One was from a couple that live in the new homes behind the Ace, another from a couple in the condos on LaVerne at Palo Fiero, and another from someone within Sahara MHP.
- Lawrence-Crossley: Had one promising sounding conversation with someone in Mountain Shadows about expanding Lawrence-Crossley.
- Baristo: Two conversations about reinvigorating Baristo, one from a couple in a condo on Caballeros and one from an resident on the north side of Ramon near Ralph's
- Midtown: Two conversations about reinvigorating Midtown, don't remember the specifics on those
- Gateway: There was at least one conversation about not knowing about Gateway and wanting it more visible.
- El Mirador expansion: One conversation about inclusion of the condos near Cottonwood into El Mirador.

Also, surprising number of residents of Los Compadres, Sonora Sunrise, and Sunrise Park.
